

Dear CCPC Parents:

With our new school year underway, we are prouder than ever of our community at CCPC. Together we are cultivating a joyful community of young learners and contributing to each child's future success through child-centered, play-based early education. **This year's Annual Fund will support one of CCPC's greatest resources, our expansive playground.** Our excellent teachers use the playground as an extension of the classroom guiding our children to explore and become more resilient, creative, and kind while building their gross motor skills daily. Now in our 60th year, investing in our outdoor playground is essential, and we ask for your generous support for this campaign.

A re-envisioning of our playground is underway to beautify and maximize the enormous creative play potential of our well-loved space. In the next year, we plan to explore how to grow more grass, add plantings, create a paved bike path, and add new wooden play structures among other ideas. Landscape architect and CCPC parent Beth Kaleida is lending her talents to this effort and is currently completing site visits to area nursery school play spaces to inform our re-design.

We ask you to join 100% of our teachers and staff, along with 100% of our Parent Advisory Committee in making a donation to support our Love to Play Outside Annual Fund campaign. Each gift, no matter the size, makes a difference. Your participation is a valuable sign of your belief in our mission of learning through play and an endorsement of the CCPC Nursery School's enduring legacy. You can make a tax-deductible gift online by pledging on our website <https://www.cpcwns.com/playoutside>.

Please consider a gift that is meaningful to your family. We are grateful for all that you do to support our school and community.

With sincere appreciation,

Jessica Johnson
Annual Fund Chair

Noni Lindahl
Director

P.S. Please make your gift today at <https://www.cpcwns.com/playoutside>. New this year, pledges can be fulfilled with your regular tuition processing.
