

Dear CCPC Nursery School Parents:

With our new school year underway, we are prouder than ever of our joyful community at CCPC. **This year's Annual Fund will support one of CCPC's greatest resources, our expansive playground.** Our excellent teachers use the playground as an extension of the classroom, guiding our children to explore and become more resilient, creative, and kind while building their gross motor skills daily. Investing in our outdoor playground is essential, and we ask for your generous support for this important project.

**Please join 100% of our teachers, along with 100% of our Parent Advisory Committee, in making a donation to support our *Love to Play Outside* Annual Fund campaign. Each gift, no matter the size, makes a difference.** Keep an eye out for a participation tracker in the school lobby, and for regular updates on your class's participation level.

**Your support is a valuable sign of your belief in our mission of learning through play and an endorsement of the CCPC Nursery School's enduring legacy.** Please make your family's tax-deductible gift online by pledging on our website. Here are a few suggested donation levels:

- Be a **Great Gardener** with a **\$100** contribution to support the container and sensory gardens.
- Be a **Field Funder** with a **\$250** contribution to support our new grassy playing field.
- Be a **Trike Track Star** with a **\$500** contribution to support the flexi-pave track, outdoor storage, and tricycle purchases.

Please consider a gift that is meaningful to your family. We are grateful for your support of our school community!

With sincere appreciation,

Caroline Van Wie

Over

P.S. Please make your gift today at [www.cpcwns.com/annual-fund-2019](http://www.cpcwns.com/annual-fund-2019)

Our re-envisioned playground will maximize the enormous creative play potential of our well-loved outdoor space. We will be adding features that will fundamentally transform our space, with a trike track around a grassy playing field, container and sensory gardens, a village of wooden playhouses, and many more trees and plants to create privacy. We are deeply grateful to pro-bono landscape architect and former CCPC parent, Beth Kaleida, for her expert vision.
