Dear CCPC Families and Community;

We are so excited to kick off and invite you to participate in our 2023-2024 Annual Fund campaign, **Building Our Community: Dedicated to Teachers.**

Each year, the CCPC Annual Fund raises important funding to support the school's strategic initiatives, campus, and community. In previous years, we have had incredible support to reimagine our playground, renovate the Big Room, and invest in turf for the playing field. **This year, we turn our focus to our teachers.** At CCPC, the building blocks of success are **Resilience, Creativity, Exploration, Kindness, and Community.** Our dedicated teachers bring this to life, every single day.

With pending deadlines for new education requirements for the early childhood workforce in the District of Columbia, the funds we raise will continue to strengthen our community and support teachers and our school for years to come. These updated qualifications require training and time for our teachers, and we will be there to support them. Our fundraising efforts will allow for:

- Courses and Qualification Trainings
- A Dedicated Space for Teachers to Collaborate and Complete Specific Requirements
- Investment in Technology to Support Teachers and Trainings

We have 21 teachers, and we know that 50% of our team is in the process of meeting these new requirements.

**Community is our foundation, let's provide our teachers with the support to continue their training and education for now and the future.** We are so grateful for your dedication to CCPC, as we continue to make our school the best possible place for young children to grow and learn.

Please join us in making a contribution today. We are kicking off this campaign with an immediate \$10,000 match for the first \$10,000 raised. Log in and make your commitment now and join in this initiative!

In previous years, we have had 100% teacher and 77% parent participation – we look forward to exceeding these numbers this year.

Sincerely,

*Lauren Crawford Shaver & Tim Shaver*
