WELCOME BACK!

It was wonderful to greet so many of you at our Visiting Days on Wednesday and Thursday. Over the summer, we moved several classrooms, did projects all around the building, hired some terrific new staff and worked behind the scenes to prepare for another outstanding year together at CCPC.

We can not wait to get underway with school on Monday!

IT'S OUR 60TH ANNIVERSARY!

Throughout this special year we will be celebrating our history and the thousands of families that have been a part of our school. Stay tuned for more details.

PLEASE JOIN US

PARENT WELCOME COFFEES

Monday, September 10
Tuesday, September 11
9-10am
Geneva Hall (second floor)

There are still some places available in our afternoon program.

Please email Noni Lindahl at
wnsdirector@chevyCHASEPC.org
to join the fun!

Thank you for signing up, asking questions, and helping us navigate our new tuition system.

NEW BILLING SYSTEM

This year you will receive monthly invoices from CCPC. Your September bill has already been emailed to you and is due September 15. You can also view your invoice and payments through the new Parent Portal.

ACH(eCheck) and Credit Card payments

Thank you to those who have signed up for direct debit (ACH eCheck) and Credit Card payments through the Parent Portal. If you chose to have automatic payments, then your account or card will be automatically debited on September 15. If you chose not to have automatic payments, you should login to your Parent Portal account to initiate your payment on or before the September 15 due date.

Check payments

If you have not logged into the parent portal to select a billing method, we can accept checks in the office. A monthly convenience fee of 4% of your balance is added to your invoice for check payments.

Thanks to all of you for your submission of school forms. They are a critical element for our licensing, but more importantly, they are critical for keeping your child safe and healthy at school, which is our deepest commitment to you.

Please note our new door code:

Time and again I see scientific studies, articles, and workshops extolling the Learning through Play philosophy which CCPC has embraced for six decades. I'll leave you with this article from the LA Times -

[Doctor's orders: Let children just play](#)

Imagine a drug that could enhance a child's creativity, critical thinking and resilience...

CCPC is a wonderful community because of our fantastic families. It's going to be a great year!
